This is the oatmeal cookie guy with a couple of his buds from the other side of the planet. He was standing on the roof of his van with a megaphone at the end of the show...directly in front of one of the exits. 10,000 people pointed at the cookie. People would often search for the source of the sound, only to find it was him with a megaphone yelling at heads to buy the cookie. Good times.

**Comment: \***

Death is one thing, deadness one of the other ones.

-Miller
